Job Title: Assistant/Associate Professor - Educator, Department of Mechanical and Materials Engineering

ASSISTANT/ASSOCIATE PROFESSOR - EDUCATOR
Department of Mechanical and Materials Engineering
College of Engineering & Applied Science
UNIVERSITY of CINCINNATI

The University of Cincinnati (UC), College of Engineering and Applied Science seeks to hire multiple Assistant/Associate Professor-Educators in the Department of Mechanical and Materials Engineering (MME). Rank, salary and startup funding will be negotiated commensurate with the candidate’s qualifications and experience.

The successful candidates will be expected to teach graduate and/or undergraduate engineering courses specific to their Mechanical Engineering specialty area (which could include computer aided engineering, advanced manufacturing, robotics, dynamics, mechanical systems design, and/or, thermal fluids engineering) in an online and/or in a traditional classroom setting and participate in service related activities. In addition, the successful candidates may participate in curriculum and course development, including distance learning classes and e-learning experiences. Duties will also include advising undergraduate student project teams such as Formula SAE and mini Baja, advising Master of Engineering students, and organizing and conducting technical workshops for individuals in the Mechanical Engineering industry.

The Department of MME offers ABET accredited undergraduate programs in Mechanical Engineering and Mechanical Engineering Technology. The department also has graduate programs that confer Master of Science, Master of Engineering, and Doctor of Philosophy degrees in Mechanical Engineering and in Material Science and Engineering. For more information regarding the MME Department, please see the following link: [http://min.uc.edu](http://min.uc.edu).

The University of Cincinnati is a major research university in an urban and diverse community. The university’s research portfolio includes a broad range of activities spanning physical, social and life sciences, engineering, medicine and informatics. These positions will provide an opportunity to form collaborative relationships within the college, across the university, and with regional industry.

The university boasts a student body of over 45,000 enrolled in over 370 programs of study and is the region’s largest employer with over 15,000 faculty, staff and student workers. The University of Cincinnati is ranked as one of America’s top 26 public research universities by the National Science Foundation. U.S. News has ranked UC in the Top Tier of America’s Best Colleges. Cooperative Education (co-op) had its founding at UC in 1906, and is required for all engineering undergraduates.

**MINIMUM QUALIFICATIONS:** A PhD degree in Mechanical Engineering or related field is required.

**APPLICATION PROCESS:** Create an Applicant Profile at [http://jobs.uc.edu](http://jobs.uc.edu) and upload a current CV/Resume and cover letter to your APPLICATION. Officially apply to position #23465 and upload under the ‘Additional Documents’ section contact information for three (3) references, and a one-page narrative describing your teaching philosophy.

FOR ALL FACULTY HIRES

**OFFICIAL ACADEMIC TRANSCRIPTS WILL BE REQUIRED AT THE TIME OF HIRE**

The University of Cincinnati, as a multi-national and culturally diverse university, is committed to providing an inclusive, equitable and diverse place of learning and employment. As part of a complete job application you will be asked to include a [Contribution to Diversity and Inclusion](http://jobs.uc.edu) statement.

The University of Cincinnati is an Affirmative Action / Equal Opportunity Employer / M / F / Veteran / Disabled.
