Tenure-Track Assistant Professor in Mechanical Engineering

The Engineering Department of Trinity College invites applications to fill a tenure-track position in Mechanical Engineering at the Assistant Professor level beginning Fall 2018. Trinity College, founded in 1823 and located in Hartford Connecticut, is a selective liberal arts institution with an enrollment of approximately 2200 undergraduates. The Trinity Engineering program, with roots as early as 1856, is accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org.

Trinity College emphasizes and supports excellence in both teaching and research. The successful candidate will teach undergraduate courses in mechanical engineering and maintain an active research program. Candidates must have an earned doctorate in mechanical engineering, or a closely related field. Scholarly work in any area(s) of mechanical engineering will be considered. Collaboration with other faculty and with undergraduates is highly encouraged and supported.

Applicants should submit a letter of application, a curriculum vitae, a statement of research plans and teaching interests, and names and contact information for at least three references to https://trincoll.peopleadmin.com/. Applications will be reviewed starting November 15, 2017 and will be accepted until the position is filled. Women and minority candidates are strongly encouraged to apply. Trinity College is an Equal Opportunity/Affirmative Action employer.
